SUMMARY

An engineer with more than 13 years of experience in the field of Quality Control, Manufacturing, Welding and NDT inspection, previously worked in the field of oil and gas, construction and maintenance in Egypt and Iraq. Able to learn new tasks easily and quickly and able to manage and organize work in the most difficult situations. I have many certificates and training and I don't stop acquiring more skills that support my career, Ambitious and love stability and development in a leading company.

EDUCATION

- **B.Sc. Bachelor of Engineering (Electronics and Communication)** – Obour Academy, 2008

PROFESSIONAL CERTIFICATIONS

- **ACES GQS Expediting Training Course** – ACES Global Quality Services S.P.A., 2022
- **AWS/CWI Certified Welding Inspector (#14012021)** – American Welding Society - AWS, 2014
- **API 653 Above Ground Storage Tanks (#56055)** - American Petroleum Institute - API, 2015
- **ISO 9001|2015 QMS Lead Auditor (#IRCA 24112)** – SGS Egypt, 2017
- **ASNT NDT Level II (VT, RT, UT, MT and PT)** – Egyptian Welding Academy, 2010
- **ASNT NDT Level III Basic** - American Society For Non-Destructive Test - ASNT, 2020
- **Applied Welding Technology** – Egyptian Welding Academy, 2009
- **Pipe Line Pigging In-Line Inspection** – International Consulting and Engineering - ICE, 2020
- **Authorized Gas Tester Level I- Wells** - ROO (BP) Academy (Petrofac) IRAQ, 2019
- **CoW Training-Level 2 (PA)** – ROO (BP) Academy (Petrofac) IRAQ, 2019

PROFESSIONAL TRAININGS

- **Quality Management System - QMS**– Seenopex Oil and Gas, 2019
- **Integrated Management System – IMS** - Seenopex Oil and Gas, 2019
- **API 6A Specification for Wellhead and Christmas Tree equipment** - Seenopex Oil and Gas, 2018
- **API 5CT Specification for Casing and Tubing** - Seenopex Oil and Gas, 2018
- **API Q1, Q2** - Seenopex Oil and Gas, 2018
- **Safety Foundation** - ROO (BP) Academy (Petrofac) IRAQ, 2015
- **Confined Space Entry** - Seenopex Oil and Gas, 2016
- **ISO 9001 Risk Management** - Udemy, 2021
- **ISO 27001 Teleworking information security management** - Udemy, 2021
- **Autodesk AutoCAD 2017** - MTC, 2018
- **H2S & SCBA** - Seenopex Oil and Gas, 2016
- **Hydrogen Sulphide (H2S)**- Seenopex Oil and Gas, 2013

LANGUAGES

ARABIC: Mother tongue

ENGLISH: Very Good

SKILLS

- Ability to learn new tasks quickly
- Work effectively under pressure
- Communication and Management
- Safety Compliance
- Problem Solving
- Zoho HR System Compliance
- Zoho Sales System Compliance
- Advanced level in MS Office
- Advanced level in computer skills
- Audits Activities (ISO, API Q1, API Q2)

PROFESSIONAL EXPERIENCE

SR. QA/QC Welding Inspector (3rd Party)

Archirodon Construction Overseas N.V. Damietta, Egypt

Jul. 2021 – Current

➤ **Project : Tahya Misr Container Terminal 1 – Damietta Port**

- Check the materials after sand-blasting and welding electrodes and review the certificates.
- Follow up the fabrication, fit-up and dimensions check as per design.
- Review WPS, PQR, Welders Qualification test and certificates.
- Check Welding Machines, Electrode Ovens and review the calibration certificates.
- Follow up welding process and its compliance with work procedure and specification.
- Visually Inspection the welding after it's complete, Ensure that it is free from surface defects.
- Follow up PT Inspection by PT Level II technician, review inspector certificate, MSDS and Expiration date of Penetrant and Developer Inks and PT reports.
- Follow up the assembly of Diaphragm and Barrette Cages as per design.

SR. QA/QC Welding Inspector. (Part Time)

MotGen, Aswan, EGYPT

April. 2022 – Jun. 2022

➤ **Project: Maintenance of Hydropower Turbine 4 at Hydropower Plant ASWAN II (High Dam)**

- Witness and Review NDT inspection.
- Review/Proceed ITP, WPS, PQR, Welders Qualification test and certificates.
- Check Welding Machines, Electrode Ovens and review the calibration certificates.
- Follow up welding process and its compliance with work procedure and specification.
- Visually Inspection the welding after it is complete, Ensure that it is free from surface defects.
- Follow up NDT Inspection after repair.
- Release the final reports.

SR. QA/QC Welding Inspector. (Part Time)

DMS Housing Constructing and Building, Matrouh, EGYPT

AUG. 2020 – April. 2021

➤ **Project: 1000 Ton Refrigerator – National Company for Protective Cultivations at Mohamed Naguib Military base.**

- Receipt of materials and welding electrodes and review the certificates.
 - Follow up the fabrication and fit-up at the workshop and dimensions check as per design.
 - Review/Proceed ITP, WPS, PQR, Welders Qualification test and certificates.
 - Check Welding Machines, Electrode Ovens and review the calibration certificates.
 - Follow up welding process and its compliance with work procedure and specification.
 - Visually Inspection the welding after it's complete, Ensure that it is free from surface defects.
 - Follow up MT Inspection by MT Level II technician, review inspector certificate, Yoke certificate and calibration, MSDS and Expiration date of white contrast and Magnetic Particles black Inks and MT reports.
 - Follow up Load/Off-Load works and the transport to the erection site.
 - Check the Gable foundation.
 - Follow up the erection work and check the torque of bolts.
 - Preparing the release documentation package for the client.
-

NDT and Fabrication Section-Head.
Seenopex Oil Services, Basra, IRAQ
Feb. 2011 – Feb. 2021

➤ **NDT Inspector**

- Rig Inspection (Drilling/ Work Over) as per CAT III and CAT IV.
- PT, UT, MT, VT and RT Film interpretation for Tanks, Vessels, Steel Structure, Pipeline and Piping plant.

➤ **QC Welding Inspector**

- ROO- British Petroleum contract Team Leader (Fabrication, Welding and NDT)
- QC welding and NDT for 16 Spherical Pressure vessels Project for Gas Filling Company.
- QC Welding and API 653 Inspector for Above Ground Storage tanks construction.
- RT Film Interpretation for vessels at Petrojet IRAQ Workshop.
- QC Welding and RT Film Interpretation for Pipeline.
- QC Welding and NDT for Power Plants.

➤ **SR. Fabrication Workshop Supervisor**

- Review Design and Client Requirements.
- Create MR for materials and consumables.
- Receipt / examining of materials and welding electrodes and review the certificates.
- Follow up the fabrication and fit-up at the workshop and dimensions check as per design.
- Review/Proceed ITP, WPS, PQR, Welders Qualification test and certificates.
- Check Welding Machines, Electrode Ovens and review the calibration certificates.
- Follow up welding process and its compliance with work procedure and specification.
- Visually Inspection the welding after it's complete, Ensure that it is free from surface defects.
- Follow up the NDT Process and Review NDT Reports.
- Preparing the release documentation package for the client

➤ **NDT and Fabrication DPT. Section-Head**

- Receipt of Clients RFQ and check the technical requirements.
 - Follow up the design with the design engineers to ensure its compliance with client requirements.
 - Attend the meetings with the clients to discuss the design, requirements and delivery time.
 - Participate in preparing the quotations with sales team and review the technical items.
 - Monitoring:
 - Equipment (Requesting, Maintenance and Calibration date and certificates)
 - Materials and consumables (Requesting, receiving, Examining and certificates)
 - Engineers, Inspectors, Welders, Fabricators and Workers (Attendance, Salaries and certificates)
 - Workshops (Preparation, Maintenance of generators and Over-Head Crane and safe environment)
 - Welding, inspection and painting (Supervision).
 - Follow up the external inspection jobs at the client's location and review the inspection reports.
 - Follow up Load/Off-Load, transport and installation the products to Clients facilities.
 - Review and sign the design package, products manufacture certificate, inspection and guarantee certificates.
 - Follow up client's satisfactions and communications.
 - Attend daily operation and safety meetings.
 - Follow up sales and annual plans for the department.
 - Submit annual, semi-annual and quarterly reports on the department's profits.
 - Attend all Internal, Clients, ISO and API Q1, Q2 Audits.
-

**Technical Office Engineer,
Qaha Company for Chemical Industries (Military Production), Qaha, Egypt
Jan. 2009 – Jul. 2010**

- Working on the projects of water station installation.

PROFESSIONAL MEMBERSHIP

- **American Welding Society - AWS (01/2014 – Present)**
